In the matter of)

Application of AT&T Corp.)
and Teleport Communications) CC Docket 98-24
Group, Inc., for Transfer)
of Control)

PETITION OF KEITH MAYDAK TO
ALLOW A SUPPLEMENTAL COMMENT PERIOD
IN LIGHT OF ANNOUNCEMENT OF TAKEOVER
OF TELECOMMUNICATIONS INC.

AT&T Corp. ("AT&T") has recently announced that it plans to purchase or merge with Telecommunications, Inc. ("TCI"). This event directly impacts whether or not additional conditions should be placed upon the proposed transfer of control of Teleport Communications Group, Inc. ("TCG") to AT&T.¹

That is, it may be prudent to allow the merger with TCI, but not if the TCG application is approved. Moreover, additional conditions are imperative, i.e., conditions contingent upon the potential merger of AT&T and TCI.

Therefore, additional comments should be allowed to address this recent development.

Respectfully submitted,

By:

¹ For instance, it may be a condition that AT&T be required to open up its potential local services provided through TCI and TCG's network to third party long distance carriers such as MCI, Sprint, Quest, etc. After all, AT&T's market condition would warrant it being treated as a dominant local exchange carrier.
